

# Diva Dance Challenge

Three or more players. Age range: 4-10

**Items needed:** music, paper and pencil (or pen)

## To Play:

1. Play a song for 60 seconds (from the radio, a CD, or an MP3 file). As the song plays, create a dance routine to the music.
2. Ask friends or family members to score the dance on a scale of 1 to 100.
3. Switch roles to let the other player(s) create their own dance.
4. The player with the highest score wins the round. Continue to play until one player wins 3 times.

## Game Variations:

- Choose different genres of music with different beats to make the game more interesting
- Pick each other's songs to make the game more challenging
- Play with 4 or more people so you can have a panel of judges

*NOTE: If you live in an apartment and have people living below you, please be courteous to them when playing the game.*
